

Internships and seminars on organic farming in Germany

Do you study plant cultivation, animal husbandry, veterinary medicine or agricultural engineering? Do you speak German or English or do you want to learn these languages? If so, you could get to know organic farming in Germany.

We (<https://logoev.de>) offer you:

- a six-month internship related to your studies
- more than a dozen seminars on agricultural topics
- a free language course to prepare you for the internship
- free accommodation, meals and insurance at the farm
- at least 400 € per month for 40 working hours per week
- Russian-speaking supervision
- certificates for the internship

In your free time you have the opportunity to travel.

Are you interested in an internship in Germany? If so, please apply immediately at <https://logoev.de/ru/заявление>
